EQUIPPING MISSIONARIES WORLD WIDE

JANUARY, 2013

Filing & Paper Work!

We don't know how your January has been, but ours has been filing & paper work! It seems every January is the same; put all that 2012 STUFF somewhere to make room for all the 2013 STUFF! We do feel accomplished, and ready to start the new year.

This month the Sunday School class we attend has decided to tackle the book of Revelation. Since we both enjoy this book of the Bible, we volunteered to teach 2 of the classes. We were lucky to get to teach the first 4 messages to churches that God had revealed to John, some of the easier text to study in Revelation. Our class continues as we have other responsibilities for February. Keep them in your prayers!

We also began taking a class this month. We've started taking the Perspectives class. Check out information about the group at www.perspectives.org. The class is a 15 week course on understanding God's unchanging purposes and how they are relevant in our lives. We are looking forward to being renewed in our ministry and in our lives.

This has been a difficult month for many families. We had 4 friends/family members pass away this month, including 1 of Linda's brother-in-laws. Our prayers are with all those who have been affected with the loss of a loved one during this holiday season.

February will put us "on the road again". It's been nice to

stay at "home", but we are looking forward to seeing how God is working – worldwide. We'll let you know how our February travels unfold next month.

Prayer Requests:

- † Safety as we begin traveling again
- † Continued good health
- † Praises for all our supporters – you are a blessing!
- † Praises for our beautiful family – please keep them safe.

*In His Service,
Ed & Linda Baker*
